

Subspace Communicator

The latest issue of the Award winning Region 4 Subspace Communicator, Stardate 10701-02 (Jan/Feb) is now available for viewing, downloading and printing. Please point your browsers to: <http://www.region4.org/newsletter.htm>. Congratulations RADM Chrissy Killian on her appointment as Regional Coordinator, Region 4, STARFLEET. With a new RC in place, I thought now would be a good time to introduce the next generation Subspace Communicator. You will continue to see your favorite regional reports, regular contributors, Stardates, and the Cadet Review pictures to name a few items, while the overall look and feel of the SC has been jazzed up with more graphics and color, plus this issue is so BIG, I think we might have to start calling it a magazine instead of a newsletter. With this next generation SC first issue you will find an Exclusive First Interview (p15) with our new RC, several Ship/chapter reports of activities helping others and in general the various crews having some FUN get together. Want to be on TV, then read about the big event (p23) this month here in R4 that is in need of R4 and Starfleet members for a Canadian TV show. ABC's Wife Swap is still looking for a Star Trek family too. We have two reprint articles, the first is a piece about On-line gaming (p27), but it might be the second one that will get folks talking as it's not only the article, but several accompanying graphics of a proposed new Animated Star Trek series (p26). As one member recently said, "this is not your Daddy's Star Trek". I could go on, but that would spoil the many surprises that await you inside this issue. This issue is fresh out of the retrofit yards, ready to start her new adventures.

College of Borg technology Temp Closure

Due to the resignation of the Borg Technology Director at SFA, the college is temporarily closed until a new director steps forward to take the position.

Outstanding exams may be sent to me, Carol Thompson at betazoid@mosquitonet.com for grading.

Anyone interested in taking over this position should contact either myself or Wayne Killough, SFA Commandant at academy@sfi.org. Candidates should have completed all three exams or do so ASAP after being appointed to the position.

Adm Carol Thompson
Vice-Dant, SFA, Dean IOAS

***The opinions expressed in this publication are not necessarily those of the newsletter staff or the crew of the USS Mir*

As you all know I was slated to deploy in late January, the date I should have reported was to be Monday 22 January. However, due to the need to send another sailor to MOB processing and training before me my deployment date has been pushed forward to 19 February. So, I will be around a little while longer before heading off to processing/training and then to my final duty station in the middle east.

I want to express my continued thanks to all those that have sent messages of well wishes and support.

FADM Les Rickard
Commander, STARFLEET

Announcing a new SFA course!

Starfleet Academy is proud to announce the opening of the College of Economics directed by Commander Jan Sleigh. The College offers studies in both 21st Century and Star Trek Economics.

Go to the SFA website and check it out! <http://www.academy.sfi.org/>

Please cross-post to Regional and other related listserves.

MGEN Joost "Excalibur" Ueffing
CO, TRACOM, SFMC(tracom@sf-sfmc.org)

SFMCA Colleges

The SFMCA is divided into colleges, each comprised of the various different branches of study that is offered by the SFMCA. One can "graduate" from one of these colleges once the necessary requirements for graduation have been completed. For many years a Marine could "graduate" from the colleges upon request, but it would not be recorded in the DB. Well TRACOM is pleased to announce that as of tonight the SFMCA Colleges have been added to the DB. This means that the "graduation" will be recorded in a students academic record and you will receive a certificate for it.

Requirements for graduation as well as the different colleges are outlined in the TRACOM Policies and Procedure Manual 2006 Edition. Please be sure that you are using this edition when checking the requirements for graduation.

If you believe that you meet requirements for graduation please send an e-mail to ops@ussasimov.org with the subject "SFMCA College Graduation Request".
